Have you received any citations for aquatic resource violations within the past 5 years? Yes No
(If yes, please explain)

Aquarium Fish Permit Specific Terms and Conditions

The permittee refers to any person issued an aquarium fish permit pursuant to section 188-31, Hawaii Revised Statutes (HRS). The aquarium fish permit allows the permittee to use fine meshed traps or fine mesh nets, except throw nets, that would otherwise be illegal, to take marine life and non-game freshwater fishes for aquarium purposes. Aquarium purposes means to exhibit or display aquatic life within man-made facilities designed to maintain the aquatic life alive for a reasonable length of time. I understand that:

- 1. This permit is valid for one year from the date of issuance, is non-transferable, and may not be used by anyone else.
2. This permit does not exempt me from any other regulation, except that I may use fine meshed traps or fine meshed nets, except throw nets, to take marine life and non-game freshwater fishes for aquarium purposes.
3. I may not take any aquatic life that is prohibited (e.g., by minimum size, closed season, bag limit, etc.) or use nets in any area prohibited by Title 12 of the HRS or Title 13 of the Hawaii Administrative Rules (HAR).
4. I may not use any chemicals, electro-fishing devices or explosives to take aquatic life.
5. I may not kill, damage, or take any live rock or live coral.
6. I may not collect any aquatic life in any area where the taking of aquatic life is prohibited.
7. I may not sell any aquatic life unless I have a valid commercial marine license (CML). All aquatic life taken for aquarium purposes under this permit must be sold for aquarium purposes, and may not be sold for other purposes such as food.
8. If I possess a valid CML, I must submit reports as required by the CML.
9. I must maintain the proper operation of equipment and facilities designed to keep fish alive and in reasonable health.
10. I must make reasonable efforts to keep all aquatic life taken under this permit alive and in reasonable health.
11. I must allow the Department to enforce its regulations and to inspect the facilities where the aquarium life is kept.
12. I must carry the permit while engaged in collecting aquatic life for aquarium purposes.
13. If I do not have a valid CML, I may not take more than a total of five aquatic life specimens per person per day.
14. I must abide by additional specific terms and conditions imposed by the Department, such as geographical restrictions, species white lists, and annual total allowable catch limits as provided in the attached addendum.
15. If I have any criminal conviction for an aquatic resource violation within the past five years, I am ineligible for this permit.
16. Submission of this application does not guarantee issuance of a permit.
17. Prior to issuance of a permit, I must demonstrate that the environmental review requirements of the Hawai'i Environmental Policy Act, HRS Chapter 343, have been satisfied.

I understand and agree to abide by the Aquarium Fish Permit Specific Terms and Conditions, any applicable addenda, and the provisions of HRS, Title 12, Subtitle 5, and HAR, Title 13, Subtitle 4. I understand that any violation of HRS, Title 12, Subtitle 5, or of HAR, Title 13, Subtitle 4, or of any term or condition of this permit, including any misstatement of fact or circumstance, may result in the invalidation and/or revocation of this permit, and the prosecution of an enforcement action against me as provided by law. In the event of any conflict between the terms and conditions of this permit, as stated above, and the applicable administrative rules or law, the rules and law shall apply.
